

Help Us Preserve & Protect

Westchester County's Hilltop Hanover Farm is a regional education center that offers programs on healthy and sustainable food production, research and teaching skills for small-scale suburban and urban farming, and demonstration models for sustainable living practices such as composting, water quality protection and energy reduction.

The Friends of Hilltop Hanover Farm and Environmental Center, Inc supports the 180 acre Westchester County-owned Farm, located at 1271 Hanover Street, Yorktown Heights, NY, as a working farm and environmental education center.

If you are a frequent visitor to Hilltop, visited our U-Pick garden, attended one of our workshops, had children that visited us during a school trip or just generally believe in our mission—please help keep Hilltop growing.

Volunteer and contribute whatever you can to the Friends of Hilltop Hanover Farm & Environmental Center, Inc., all funding supports the Nationally recognized farm and environmental center.

By becoming a Friend of Hilltop Hanover Farm you are joining hundreds of people who wish to protect the Farm, a county treasure, for generations to come.
