

About the School

This year's No-till topics will include:

- Short-rotation corn and hay using winter small grains.
- Management to reduce crow/geese/bear damage.
- Herbicide programs for no-till.
- No-till seeder adjustments.
- A review of 2009 no-till seeding case studies.

About the Speakers

Russ Hahn - weed specialist Cornell University

Paul Cerosaletti and Dale Dewing - Cornell Cooperative Extension Crop Specialists

Robin Jerauld - crop and dairy consultant with the Precision Feed Management program

Tom Kilcer - crop consultant and retired Extension agent with 30 years experience in no-till, who has been conducting research in short-rotation corn

Larry Bifaro - wildlife specialist from Region 4 New York State Department of Environmental Conservation

The Farmer Education Series is sponsored by Cornell Cooperative Extension of Delaware County and the Watershed Agricultural Council.

Cornell Cooperative Extension provides equal program and employment opportunities. Accommodations for persons with disabilities may be requested by calling Judy Morse at (607) 865-6531 by March 9, 2010 to ensure sufficient time to make arrangements. Requests received after this date will be met when possible.

The WAC is funded by the New York City Department of Environmental Protection, U.S.D.A., U.S. Forest Service, and other federal, foundation and private sources. The Watershed Agricultural Council is an equal opportunity provider and employer.
